Schedules subject to change

30-Minute Thursdays are Back

Thirty-minute Thursday is a weekly privilege that allows students who have met the specific discipline and attendance criteria to be released 30 minutes early on Thursday (or the last day of the week). Sixth graders will not be allowed to leave campus early. Sixth grade students who have earned the privilege will be given free-time in the gym. Please see the email sent to parents on December 16th for more detailed information.

End of 1st Semester is Almost Here

The last day of the first semester is January 27th. All grades are final at the end of the semester. If you are behind in class or have poor grades please check in with your teacher(s) to get your grades up. Also, just a reminder, Homework Help Club operates after school from 3:31 to 4:15. This is a great place to get caught up on work and get assistance from staff. Your counselor is also available if you need to check-in about your grades.

Amazing Dental Opportunity!

Capitol Dental will be in Santiam Canyon School District from January 3rd to January 6th. They will be offering **FREE** dental services including fluoride coating, sealant treatment, silver fluoride, and protective restoration to all students, at both SES and SJSHS. This is an amazing opportunity to get **FREE** dental care. To be a part of this opportunity, pickup a permission slip from the main desk at either school and return it prior to January 5th. If you have questions or would like more information about the services provided, please contact 800-525-6800

Counseling Notice to Parents & Juniors

Our counselors will be scheduling and meeting with all Juniors in February 2022. At this meeting, they will have Juniors' transcripts so they can review their academic progress as they work towards graduation in 2023. Additionally, this is a great opportunity for us to become familiar with plans you might be starting to put in place and think about as you consider what life can look like after you graduate from high school. See you soon!

Prevent the Spread

If in doubt, please stay home if you are feeling under the weather. Please follow these tips to prevent the spread:

- ☐ Stay at home when you are sick
- ☐ Cover your mouth and nose with a tissue when you cough or sneeze
- ☐ Cough or sneeze into your upper sleeve, not your hand
- ☐ Put used tissues in the wastebasket

Get To Know Your School: An Interview with Mrs. Boyd, Culinary Arts

Tell me about some of the food dishes students have prepared this year.

Mrs. Boyd: The favorite dish created so far this year was fried rice because it was yummy and easy to cook. The worst creation in class was the vegan soup, I will definitely get a new recipe. It was not yummy.

What will students expect in the future for Culinary Arts?

Mrs. Boyd: Students that stick with the program should expect to learn many skills, not just cooking. This includes how to manage a restaurant, purchase supplies, research cost analysis, develop a menu, and eventually run our food cart. Students will ultimately work towards getting a food handlers card.

Tell me about the food cart:

Mrs. Boyd: We are hoping that 1 to 2 classes will work directly with the food cart in the coming years. These classes will focus on all aspects of the food cart including operating and managing the food cart at school and community events. We're planning on having the food cart make its debut in the Spring at the Barbeque Competition. This competition will be a joint effort between culinary and CTE classes. Our CTE students are going to design, fabricate and build barbeques for our culinary students to grill on. This event will be in April or May of 2022.

What does the future hold for Culinary Arts?

Mrs. Boyd: I'm hoping to see the program grow. My goal is to train students who want to be cooks or go into the hospitality field.

How would you describe your first year teaching?

Mrs. Boyd: It's been great. It's fun to see the kids excited about cooking!
